The Class of 1967 Presents . . .

Perth Amboy High School
Perth Amboy, New Jersey

HALLS OF IVY
June 1967

Dedication

Throughout his many years as a teacher, advisor, and friend, this man has been the ideal of all who have come in contact with him.

His devotion has been an inspiration, and his integrity a mainstay.

As a teacher, he provided a wealth of knowledge surpassed by few.

As the literary adviser to both the staffs of the PERISCOPE and the HALLS OF IVY for six years, he gave unselfishly of his time and effort.

Finally, as a friend, his exceptional patience and understanding endears him to all.

In the years to come, our class will recall few things. Among the most vivid will be of the man who guided us through our years here.

In appreciation, we are proud to dedicate this 1967 HALLS OF IVY to

PHILIP BRESLOW

Retiring Teacher

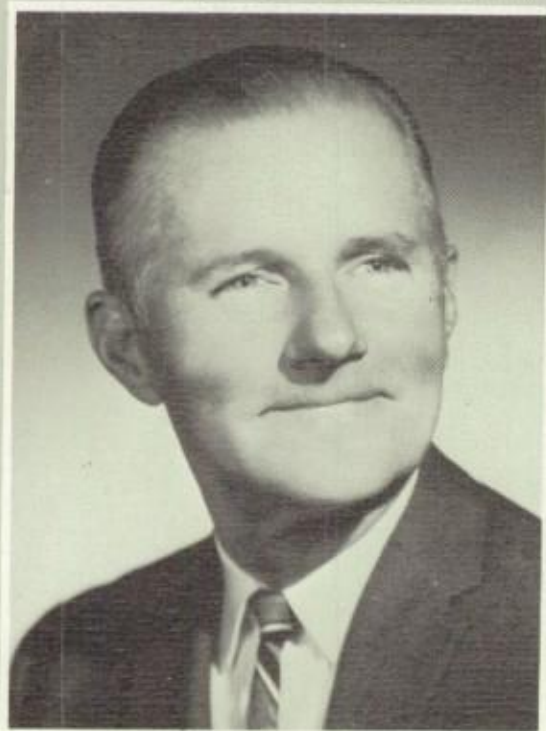

Throughout his long career, Mr. Arthur Wolpin has become a symbol of knowledge and inspiration to the PAHS students of social studies.

The Senior Class was exceptionally fortunate to know him as a unique part of their four year experience in Amboy High. The only reward he will receive for devotion is an everlasting place of honor in the memories of the ones who have known him here.

ARTHUR WOLPIN

We Bid a Fond Farewell . . .

ALEX HUDAK

Mr. Hudak's departure from the school system, after 30 years of teaching, will be deeply felt by the faculty and the students alike. His presence in our midst, helping, guiding, and understanding, will be a tremendous loss to the entire school. But wherever he goes, we hope he will carry with him the knowledge that he will always be remembered by the Class of '67, and all of Perth Amboy High.

Mr. Andrew Kriss has only been a member of the PAHS faculty for three years, but in that short time, he has endeared himself to each Senior Class, not only as a teacher, but as a true friend. The Class of '67 and all Perth Amboy High wish him the best of luck in all his future endeavors.

ANDREW KRISS

Foreword

With the thrill of being seniors, came also the realization that this year was the last time many of us would see each other. This year was the foundation of many friendships and the termination of many others. For most, this was also the last time we would see the "hallowed halls". Our memories—the happy and the sad—will depart with us. They will be relived only in our hearts, and in this, our yearbook, the one indelible, tangible remnant of our class.

As a tribute to these years and memories, we, "The Magnificent Class of '67", present the 1967 HALLS OF IVY.

Guidance

All of us have been confronted with seemingly unsolvable problems at one time or another. It is at these times that a bit of encouragement, a word of comfort, or some knowledgeable advice is most beneficial.

As our four years at PAHS come to a close, we are left on the threshold of adulthood. The guidance department has helped to prepare us for this threshold by encouraging us to take the path that would most benefit us.

Study of foreign languages not only enables us to communicate with people of other lands, but it helps us to better understand their way of life. The student learns of native traditions, culture, and literature. Various holiday traditions are emphasized as well. Languages in PAHS are taught with the aid of films and tapes, which give the student a visual view of the land.

English

First impressions can make or break one's chances in life, as people consider us to be a reflection of our speech and writing. These being the most common means of communication, we must be able to express our thoughts in the most comprehensible manner possible.

The PAHS English department tries to round out each student through various approaches in written and oral thought. Writing labs and various scientific programs, like S.R.A., have been instituted to supplement the standard courses in grammar and literature. It is through a strong command of English that success in all other fields is achieved.

It is a hostile world into which we venture. She will soften only if we get to know her. Her past is an endless conglomeration of good and bad. We are shaping her future. We must add a chapter to her history of which our children will be proud.

Social studies has helped us to see our ancestors as they were decades ago. Our country's background, as well as the background of other nations, is unveiled through discussion and study.

Current events help us to understand the present, and in some cases, foresee events in the future. We are aware of history as it takes place and are prepared as possible leaders.

Space travel is a fantastically complicated maneuver. It took years to solve the first equation necessary to orbit early satellites. Now, in the computer age, the same type of equations can be solved in minutes. A computer does not think, a programmer must first instruct the computer in how to solve the system in a step by step program. A true understanding of what must be done to solve an equation is necessary in order to make a computer program. Our high school courses are no longer simple algebraic exercises, but are becoming increasingly advanced. A more flexible math schedule is a plan soon to be started. Juniors will be able to take the trigonometry course which is now for seniors only. Perth Amboy High School has extra-curricular activities to inspire interest in mathematics, including Mu Alpha Theta and the Mathletes.

Applied science is accelerating at an unprecedented rate. The accomplishments to be made by our generation are still too obscure for us to ever dream of. Our school has been renovating its science courses yearly, in an attempt to find better methods of teaching.

The general science course is in a transition towards more laboratory work. It is hoped that in the near future every student of general science will have laboratory experience. The biology course has recently reached the status of a laboratory science. Biology now meets seven periods a week as opposed to the old system of five periods. This gives the students an opportunity to spend more time in experimentation. The physical science and chemistry courses have been lab sciences for years, but they are not stagnant. Each year, new visual aids are purchased to update the courses and give Perth Amboy science students every opportunity to learn. The science department is involved in a number of extra-curricular projects to sustain interest in science, including the New Jersey Chemical Caravan trip and the Rutgers Central Jersey Science Fair.

Household Arts

Importance of household arts can never be overemphasized. Every girl must know the basics of housekeeping, whether she enters into a career or plans to be a full-time homemaker.

Courses in cooking and sewing are required of all PAHS co-eds to round out their education. In these supervised sessions, the girls learn the "tricks of the trade" as well as various new techniques. In this way, they receive the experience and practice that leads to successful homemaking. Whether it be whipping up a last minute dessert, or putting the final touches on a dress, our girls will be prepared to handle the situation.

Pressure on the human in today's society is constantly mounting. Our faculty is using these techniques in a more modern approach to teaching.

ALBERT M. HUNTRESS
Department Head, Supervisor, Manual Arts

Even with the emphasis on science in our society today, men skilled in manual arts are in great demand. With this in mind, boys in PAHS are offered courses in printing, mechanical drawing, metalwork and woodwork. A vast amount of knowledge and skill is required for these crafts, and they give the students a great sense of satisfaction. Not only can manual arts lead to a profitable career, but they can also be the basis of a valuable hobby.

Music

Music is the long time expression of emotions. It can be eerie, exciting, exhausting, enlightening, or just enjoyable. Through it, we can share moods of the composers of the past and the present. At the same time, we can reveal parts of ourselves.

The music department offers endless ways of expressing through various approaches to music. Our bands and choruses add to the cultural enrichment of PAHS students.

What would a football game be without a band? What would a victory march be without a band? What would the Christmas assembly be without one chorus if not all three? Last but not least, what would spring be like at PAHS without the annual cavalcade?

Whether it be a sentimental song sung by the chorus, or the "State Street Lament" played by our swing band, the enjoyment in listening or in participating reaches every student.

Art

With beautification playing an important role in our country today, art has become the focal point of activity. It is a doorway to a diversified and highly gratifying career.

PAHS's art department offers work in a variety of media, such as oil, pencil, pen, pastel, water color, and charcoal. As an incentive, students are given the opportunity to show the results of their efforts in art exhibitions and annual poster contests.

ELIZABETH B. ZSAMBOKY—B.A.
Adviser, Junior Paletteers, Faculty Art Adviser, School Play

Library

Whether a trip to the library is made for the purpose of doing research or just for browsing, it can be a valuable experience. The greatest thoughts of the past and present can be found in the many volumes of classics, modern novels, and periodicals collected in the PAHS library. Along with the complete selection of reference books, the students are offered the latest best sellers as well. It is only through an ample variety in reading that we can become interested in the world around us, and interesting to the people we know.

Physical Education

Invaded by automobiles and escalators, our lives are nearly void of exercise. Gym in PAHS is not a recess period. Instead gym teachers have a balanced schedule between teaching scientific exercises and basic fundamentals of various sports such as football, volleyball, basketball, and tumbling. Knowing the fundamentals of these sports allows one to enjoy them more, and participate in them.

Thirty students agree that Mr. Geraghty is searching for the square root of a very complex number.

With deadlines looming ever near, Mr. Faltisco remains calm in a quieter corner of the *Halls of Ivy* office.

Mr. Kocek is caught checking English books in the High School book room.

Mathematics and Science chairmen, Mr. Marra and Mr. Mikrut, still studious, remain well read in their respective fields.

The silence of the teacher's dining room seems to soothe Mrs. Bachman, as Mr. Massopust, refreshed, prepares to leave.

Your lost friends are not dead, but gone before,
Advanced a stage or two upon that road
Which you must travel in the steps they trod.

Juniors

Take a walk around the "Sacred Halls of Ivy", and see whom you notice most. Probably it will be the Juniors. Blessed with a new found sense of Upperclassmanship, combined with their own old class spirit, the Class of '68 is an important part of PAHS.

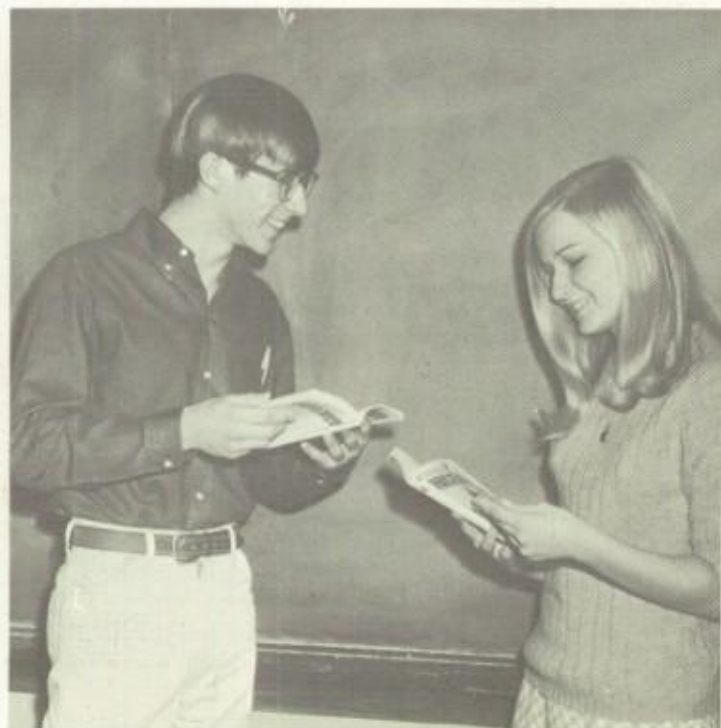

Junior year plays a vital role in the life of a student. It is now that he attains the status he lacked for the first two years. From the height of sophistication which he feels he has reached, it is hard to remember how it felt to be a freshman. It seems so long since he first entered Amboy High.

During Junior year the student trains himself to take over the leadership of the school. The goal of becoming a senior is now near enough at hand for him to start to prepare himself for the responsibilities which he will have to accept. Still, he is not yet hampered by SENIORITIS, and is determined to treasure each moment left to his High School career.

Junior year is ring year, and Junior Council year and semi-formal year. It is also a year which every member of the Class will remember nostalgically, for Junior year is the year when one can focus himself on the important year ahead.

Frank Bartoloti examines the symbol of Upperclassmanship, his class ring.

National Thespians no, it's James Dadon and Arlene Tyler experimenting with dramatics for a Junior English class.

On the Threshold

PRESIDENT

The position of Junior Class President is one that requires a strong sense of responsibility and decision making powers. The hopes and anticipations of an entire class, which in this year will do new and exciting things, rest on his shoulders. He must exemplify the spirit and ambitions of a group which has many ideas and resources; these talents can only be utilized to their fullest extent through an able leader.

Rory Rickwood has had the leadership experience which his position requires. As a Sophomore he was president of the Biology Club. This year, he is president of the Physics club. He is a member of the Chess Club, the Outdoor and Indoor Track Teams, and the Cross Country Team.

Rory Rickwood

Jane Mika

VICE-PRESIDENT

Any officer of a class must be ambitious and willing to accept challenge. The vice-president, as well as the president, must have outstanding leadership qualities, and must be able to work with the president to guide the student body.

Jane Mika has expressed her leadership in the Student Council, serving as Historian in her Sophomore year. This year she is a member of the Student Council, the Assembly Program Planning Committee, and the Junior Palat-teers. She is a Varsity Cheer-leader. Last year she was also Senior French Club President, and a member of the Dance Club. As freshman she was a member of the Student Council, French and Dance clubs and participated in after-school sports.

Offices of the Class of '68

SECRETARY

The secretary of the Junior class has endless work to accomplish, and it must be done with accuracy and dependability, for it will be referred to not only this year, but for many years to come.

Carol Varga is a hard working, responsible choice for the position of Secretary. This year, she is a member of the Creative Writing Club, and the Senior French Club. She is the *Kites* Junior Editor, on the Feature staff of the *Periscope*, and a *Halls of Ivy* representative. She was a member of the Junior French Club, and the Student Council. She has been a Junior Red Cross and a New York Times Representative. She participates in after-school sports.

Carol Varga

TREASURER

The Treasurer of the Junior Class must be an efficient and trustworthy person. He must possess the ambition to control and raise the all-important funds without which no class or society can operate.

Ida Tamargo is the person in which these responsibilities are placed. She has shown her dependability through the positions of trust she has accepted before. She is president of the Library club, and a member of the Junior Red Cross and Hospital Guild, Future Physicians Club, Dance Club, and Biology Club. She is *periscope* Representative, and currently is cast as Rosalia in "West Side Story". She has been a member of Selective Chorus and Girls' Chorus for three years.

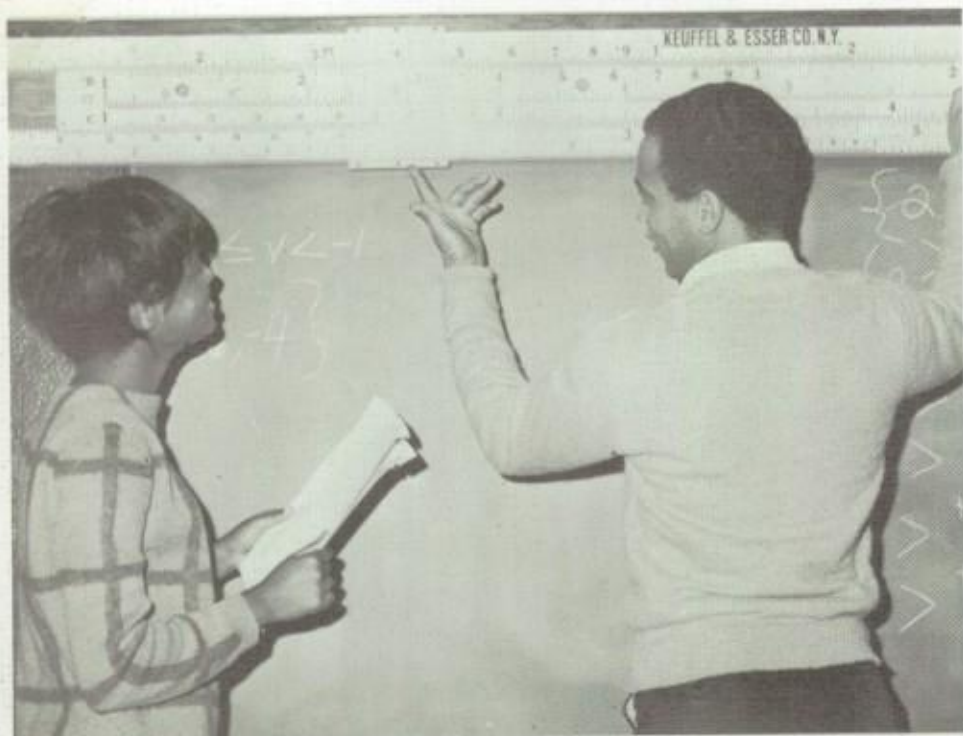

Ida Tamargo

Row 1: Ida Tamargo, Treasurer, Rory Rickwood, President, Jane Mika, Vice President, Carol Varga, Secretary, Celeste Iannucci, Robert Clancy
Row 2: Nancy Safko, Judy Stepnowski, Karen Kreil, Beverly Pinheiro, Frank Bartoloti
Row 3: Mae Coutros, Lenore Stess, Glenda Watson
Row 4: Kenneth Schwartz, Cheryl Nestico, Mary Stepash, Betsy Hari, Wendy Molitoris
Row 5: Meyer Pircelli, Vaia Folis, Lily Ozynska, Gail Montani, Kathy Novak, Mark Sernitsky
Missing were: Jeanne Bauer, Karen Bujalkowski, Diane Butvilla, Joseph DeRasmi, Geo-Anne Dillman, Ruth Feldman, Julie Franqui, Cheryl Frasca, Monica Kubala, Shirley Lane, Evan Lemberakos, Lorraine Miskovich, Janice Mosko, Jeffrey Penn, James Peterson, Andrew Seaman, Celia Smith, and Linda Yanvary.

Junior Council

Junior Council is the first attempt at unification of the forthcoming senior class. It means hard work and dedication, but it produces a strong spirit that lasts long after graduation. Most of the all-important class decisions are made by the council, such as deciding on class name, and picking ring styles. Fund raising projects and arrangements for the Junior Semi-Formal are council responsibilities as well. A successful Junior Council lays the foundation for a successful Senior Council. Judging by the exceptional enthusiasm and pep of the Council of '68, they should lead their class to memorable experiences next year.

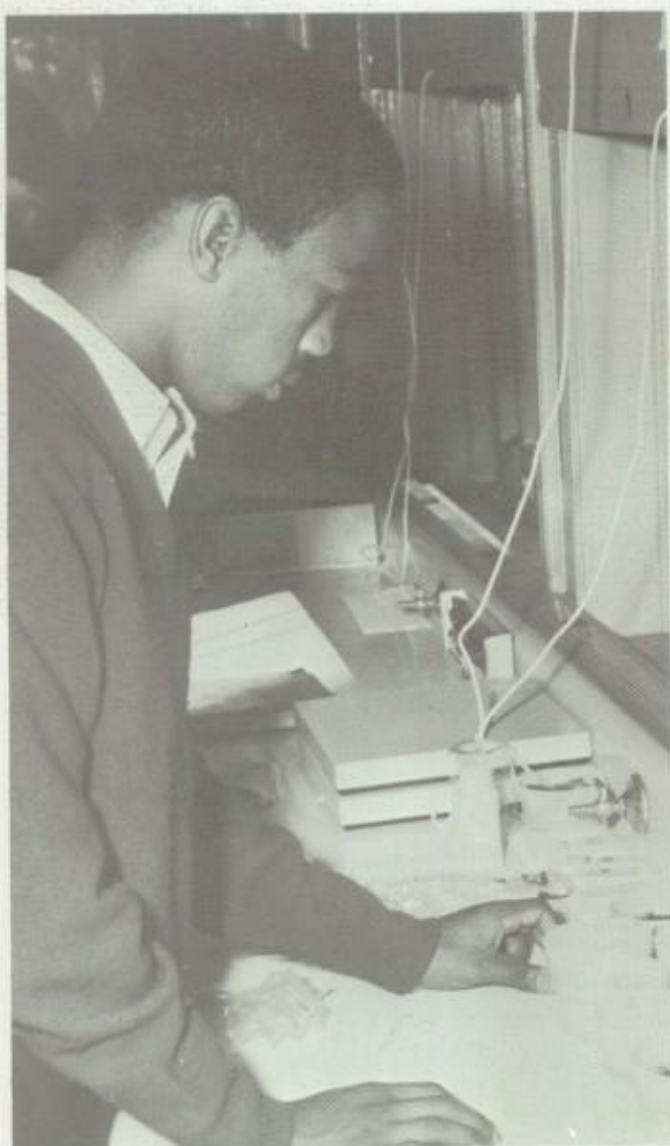

Junior Pat Smith thinks Mr. Marra's job may be in danger as mathematical Sophomore Ernie Richardson explains how to use a slide rule.

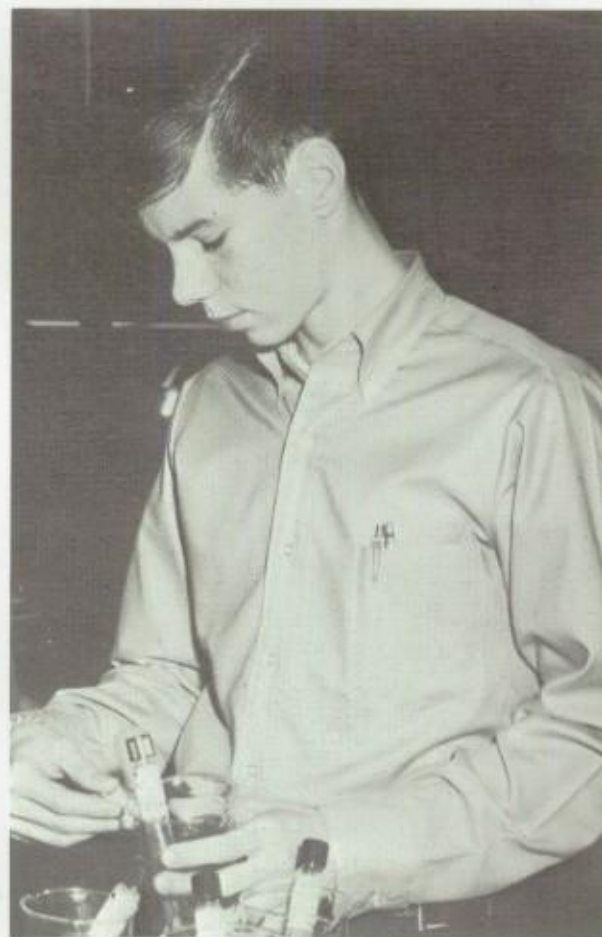

Spirited Sophomore, Linda Chiera, treasurer of the Student Council, shows a visitor from Carteret around the Halls of Ivy.

Sophomores — Great Expectations

Harold Brown checks on his biology project and wonders if he's growing a monster.

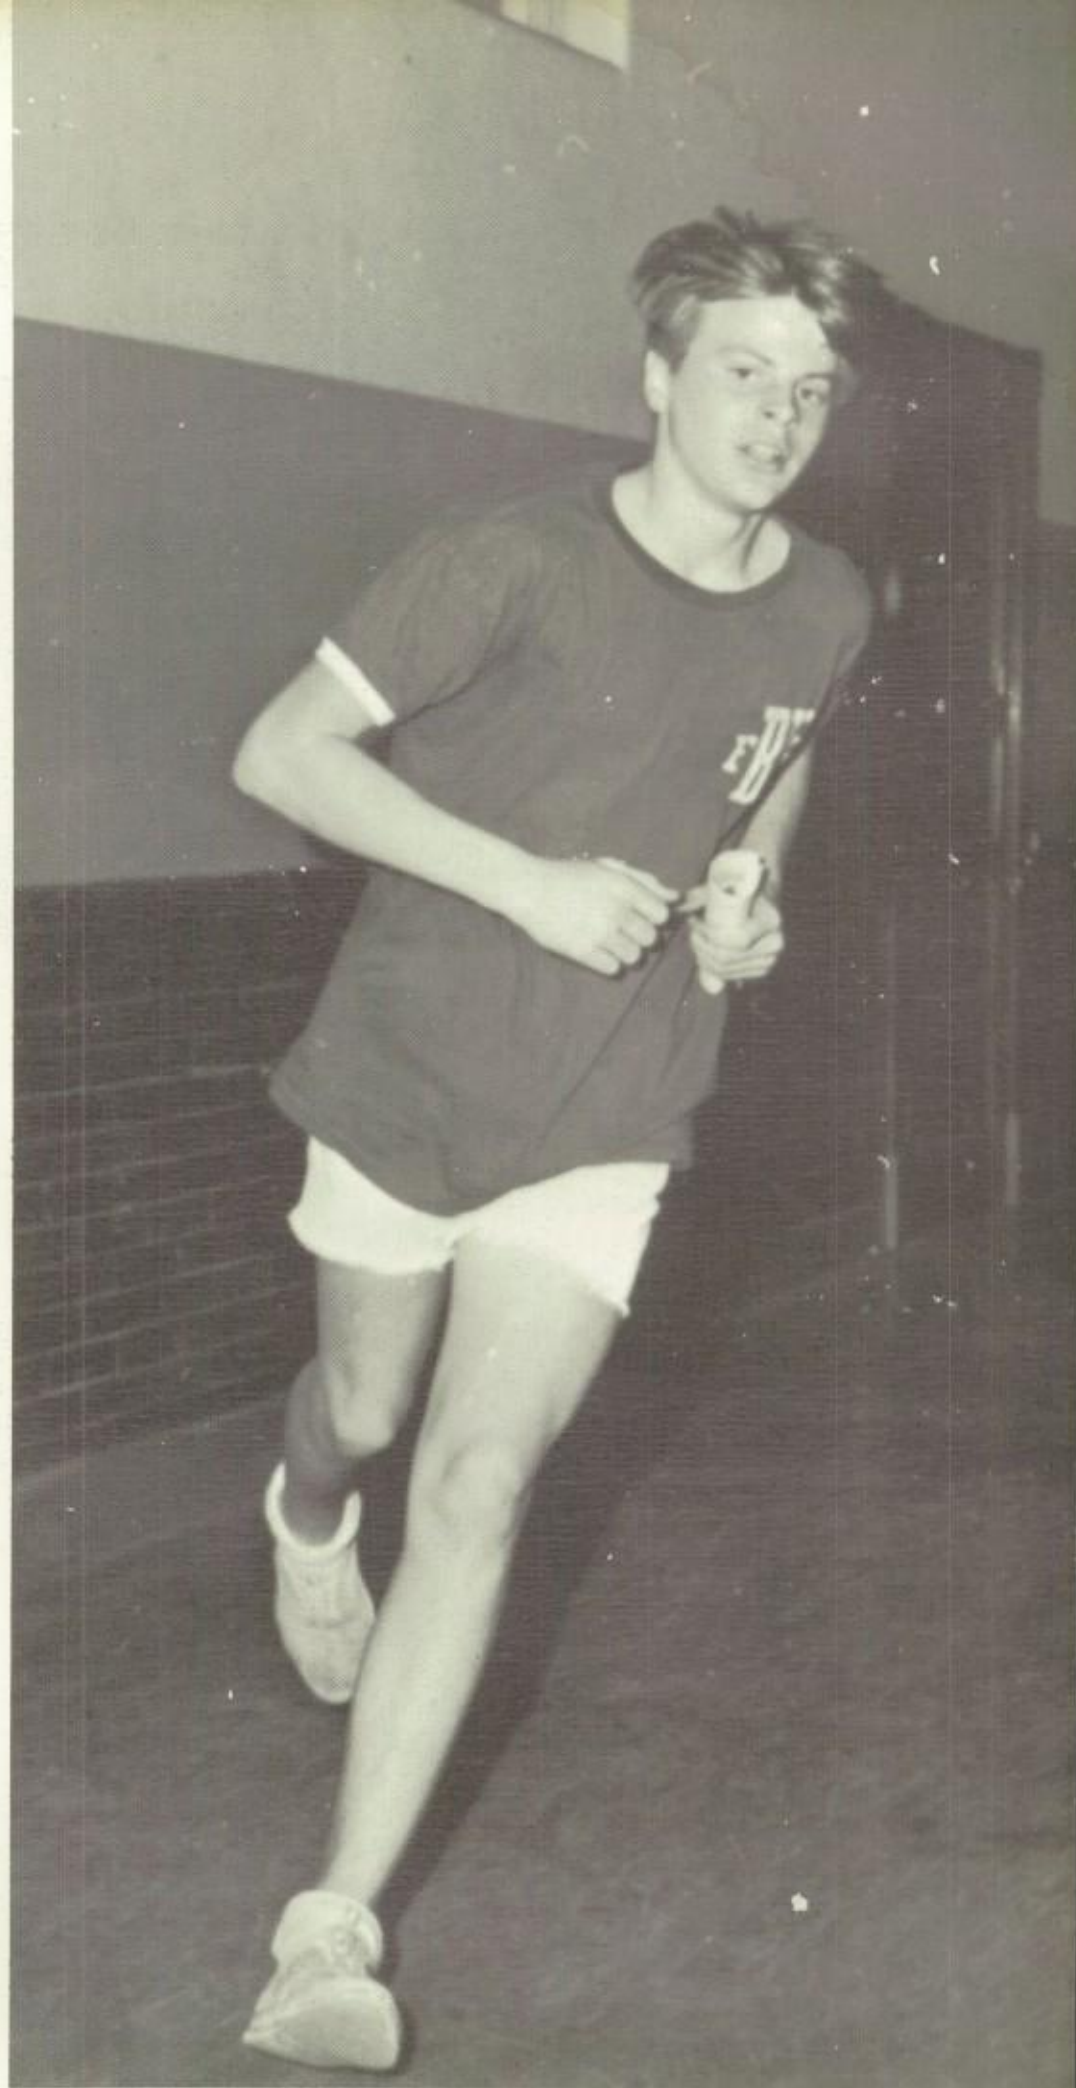

John Horvarth wonders what he's doing in BSCS Biology.

Sophomores

Sophomores are true Perth Amboy High Students. They are fresh from the training and rigors of Freshman year, and they are equipped with the confidence that they lacked the year before. Now, all the problems of Freshman year are resolved, and the Sophomore can view the previous year in perspective, as well as look to the future, knowing what he must accomplish. But now, there no longer looms only the future; there is also a year to look back on.

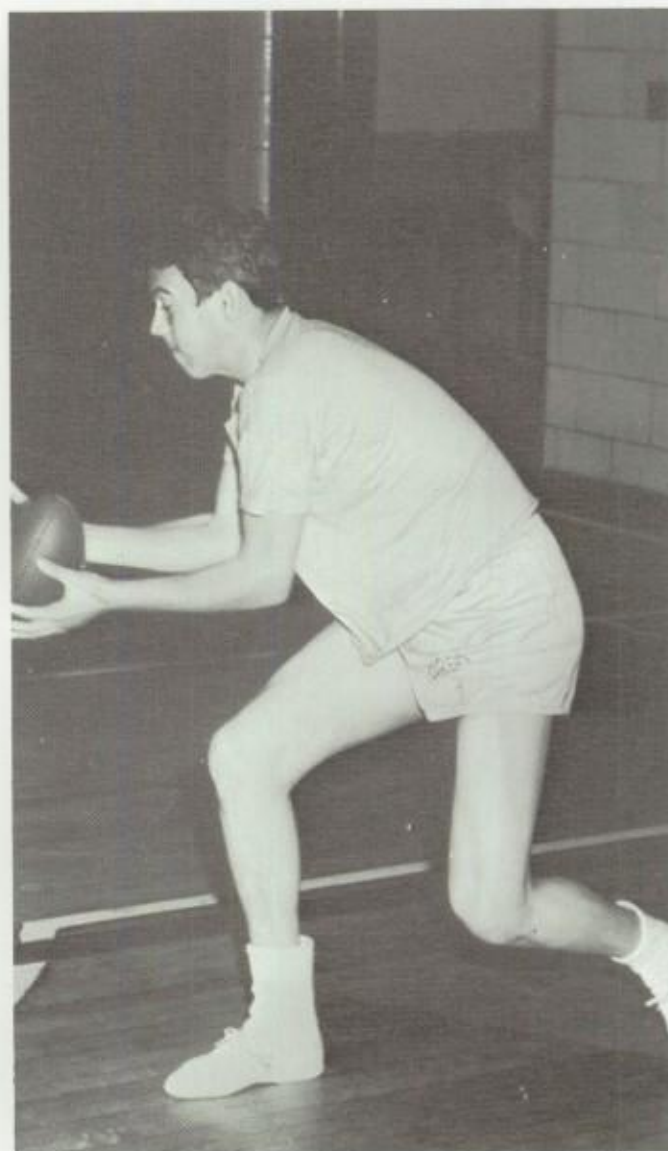

More important, the Sophomore finally has position. He is the upper-lowerclassman. No longer must he pose as the bottom of the echelon, the receiver of all abuse, and the sole buffer of all the jeers of his superiors. It is possible for him to feel like an individual, and not just a number. He now has the opportunity to manifest himself and express the genuine spirit of the school he has come to love in a year or so. Sophomore year is the year in which the student can establish himself, and obtain true recognition.

Spirit And Enthusiasm

Susan Lederer gasps in awe as she watches Nina Hindlin leap for the basket.

"Did Ronnie Garrison start like this?" ponders Antonio Pardo as he catches a pass in gym.

Freshmen — At The Bottom

*Good luck
in future years
Always,
Kathy
R.P.*

Rhonda Silver disguised as a little boy represents the Class of '70 at the Halloween Dance.

Kathleen Molnar gazes apprehensively as Mrs. Herbert registers her for the National Educational Development Test.

Linda Hlywa finds the library a good place for a freshman to dream.

Freshmen

Freshmen are the Upperclassmen of tomorrow. Long after our own High School days are just happy memories, the Freshmen will continue to carry out their duties as Perth Amboy High School students. The impressions that the Freshman receives during the first months of participating in the student body will form the attitude with which he will serve his school in the next four years. He will continue to initiate new and creative ideas, as well as carry on the old, entrenched traditions. He will leave his mark on the school and the books and the desks, and contribute to the personality and character of Perth Amboy High School. His efforts on the field and court will uphold our athletic records.

Freshman year, whether it be in high school, or any other point in life, is the year of determination. It is here that the course of a neophyte's career will be decided, and here is where all the opportunities present themselves. Through all the guidance and influences, the final decision whether or not to follow the road to success is still left solely to the Freshman himself; he is a very important person.

There's a hard night ahead for Robert Hary as he tries to reach home and finish his homework before going to a PAHS basketball game.

Sweet Beginning

To,
 Best of luck
 in the years to come.
 Remember those times
 we'd see each other in that
 "great" History room. Bye for now

Assemblies are an integral part of school activities. Since student participation is encouraged, members of the student body are able to display their talents, whether it be singing, acting, or cheerleading. Speakers from various fields broaden our knowledge of outside affairs as well.

Anniversary . . .

Probably one of the most enjoyable events of the school year was Bandarama. This year, the twenty-fifth annual Bandarama was presented for the last time by Mr. A. Hudak. Mr. Hudak has successfully produced this program throughout the years, and this, his final year, was no exception. Besides popular and classical music selections, solos featuring Dennis Pucci, Joe DeRasmi, Elin Gursky, Gerald Medvigy, Eddie Ford, Walter Bialkowski, and a special number by the PAHS Twirlers were presented.

Kicking specialist Frank Fontes converts the twenty-fourth point against Carteret.

The Panthers finished the season with an impressive 6-2-1 record in a season that contained many highlights.

Inconsistency plagued the Redmen during the early stages of the season. A victory over Asbury Park and a tie with J.F.K. preceeded the 50-12 romp over Edison, with Pete Costello hitting on three TD strikes in the latter. Woodbridge, too, proved to be an easy victim. Two of the longest gains of the year occurred in that game—an 83 yard kickoff return by Ron Garrison and a 94 yard pass reception by Al Jackson.

Amboy's fifteen game winning streak was stopped by East Brunswick, but the Panthers roared right back with a 39-0 humiliation of Madison Township. In the game with the Spartans, Brian Taylor picked up 247 total yards. The Crimson defeated powerful New Brunswick in an important conference game by the score of 20-13. Costello threw three more touchdown passes to lead the team to victory. Undefeated South River turned out to be too much as the Rams won 39-21. However, the season proved to be successful after all when the Panthers demoralized Carteret 45-0 and took possession of the Thanksgiving Day Trophy.

Soccer

The soccer team concluded its third season under Coach Walter Brzozowski with a 3-6-2 record.

The more experienced St. Joseph's Falcons defeated the Amboy squad 6-0 in the season's opener. After a loss to Woodbridge, the Panthers tied South Brunswick, 1-1. Madison Township and J.F.K. fell victims to the Redmen by scores of 2-1 and 1-0, respectively.

The next three matches resulted in defeats, with Amboy falling to South Plainfield, 4-2, Woodbridge, 4-3, and Edison, 4-2.

Bouncing back, the Panthers handed Madison another 2-1 defeat and tied J.F.K., 3-3. They closed out the season by losing to Edison, 1-0.

Coach Brzozowski takes a minute to give his boys some advice.

William Cytryn utilizes some fancy footwork.

2nd row: Coach Palmer Donnelly, John Andryszczyk, Gerry Farinich, Jim Kovacs, Ralph Waldman, Ruben Delgado, Dave Petro;
 Missing: George Derezewski

Wrestling

Perth Amboy's wrestling team showed marked improvement in its second season under the direction of Coach Palmer Donnelly.

Senior Jim Kovacs, wrestling in the 168 pound class, proved to be the most consistent Panther matman by copping his second straight district crown.

Dave Petro and Lester Kennett, also seniors, contributed victories to the Amboy cause. The performances of underclassmen this year make the future look considerably bright.

Gerald Farinich thoughtfully plans his next maneuver.

Ernie Dominguez bends over backwards to defeat his adversary.

Track

CROSS-COUNTRY TEAM:

1st row, bottom: Daniel Greco, William Skaife, Carl Pachucki, Pete Lugo, Thomas Shatton, Richard Carson;
2nd row, top: Derrick Stockton, James Kiyak, Jeff Tibok, Ronald Rac, Coach David Rey, Rory Rickwood, Robert Kesckes, Richard Green

Under Coach David Rey, the cross-country track team compiled a 1-8 record while the indoor team owned a 1-2 mark after the first three outings.

Rory Rickwood '68 broke the school record for the two and one-half mile race, with a 14:06.14 clocking. The cross country team's lone victory came against Jamesburg, 23-32.

The indoor trackmen were paced by George Smith, a senior who won the state championship in the 60 yd. high hurdles. Despite the loss of Smith, Mr. Rey is looking forward to next season optimistically.

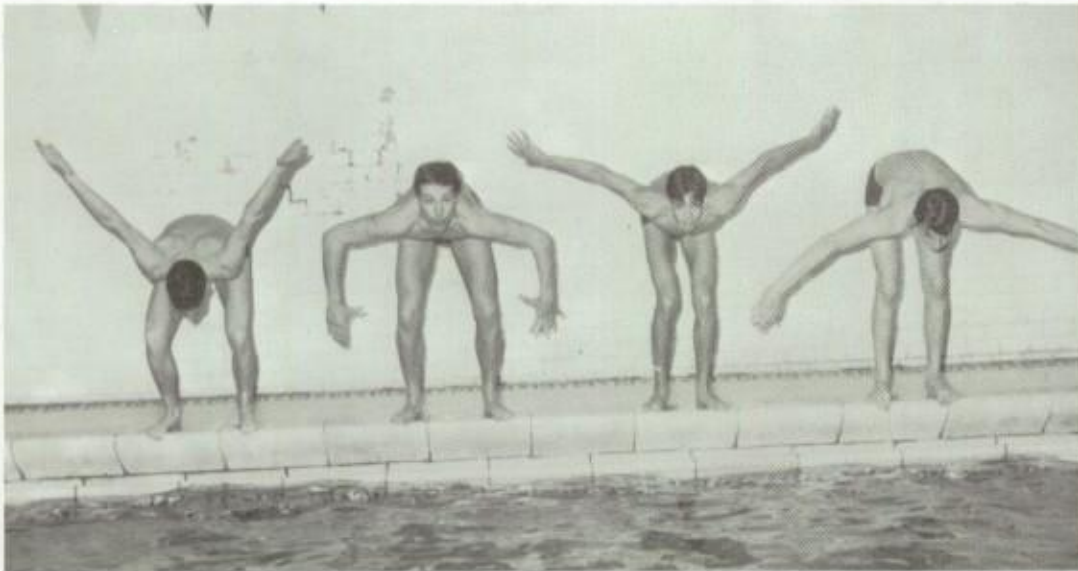

Al Jackson displays the form he used to leave his opponents in their tracks.

George Smith clears another hurdle on his way to becoming state champ.

Swimming

They didn't win much, but at least they were happy.

The swim team completed its first season under new coach Donald Mitruska with a disappointing winless season.

However, Freshman Mike Keltos and Junior Geoffrey Eiten did well in their respective performances. Keltos swam in the 100 yard backstroke and 160 yard individual medley while Eiten swam in the 100 yard butterfly and breast strokes.

With these returnees and many more, Coach Mitruska should have a team on the rise next year.

Geoffrey Eiten '68 works hard on his breast stroke.

Don't look now, but the Sub-Mariner is a part of our illustrious swimming team.

Bowling

1st row, kneeling: Pat Olah, Nick Pross, Wayne Borkowski;
2nd row, standing: Stan Solowski, David Wallace, Steve Garai, Ken Miller, Coach Julius Uribe

Coach Julius Uribe's Varsity bowling team completed its competition with a 4-1 record.

Amboy crushed Edison in the first match of the season as southpaw Steve Garai's 236 game set the pace. The Panthers also won their next two matches, but by smaller margins. Ken Miller's 611 set and a 589 showing by Dave Wallace made the difference in the contest against Princeton. Wallace and senior Stan Solowski were bright spots as the varsity nipped Asbury Park by 66 pins.

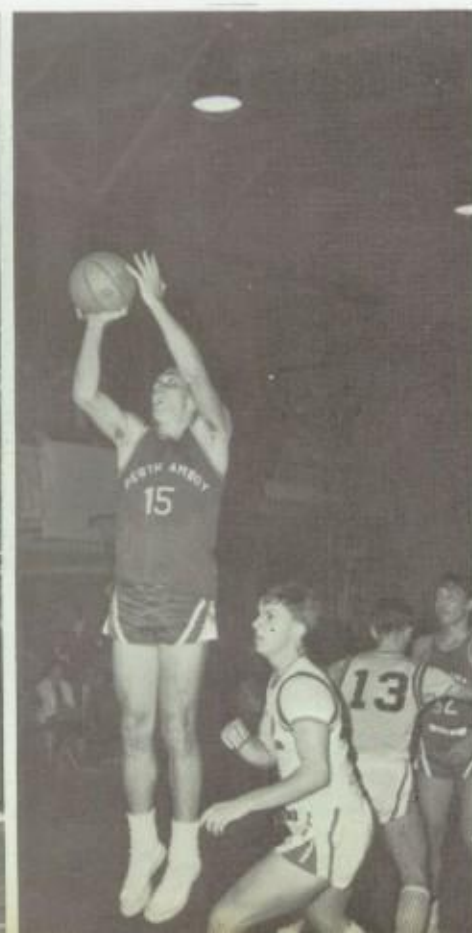

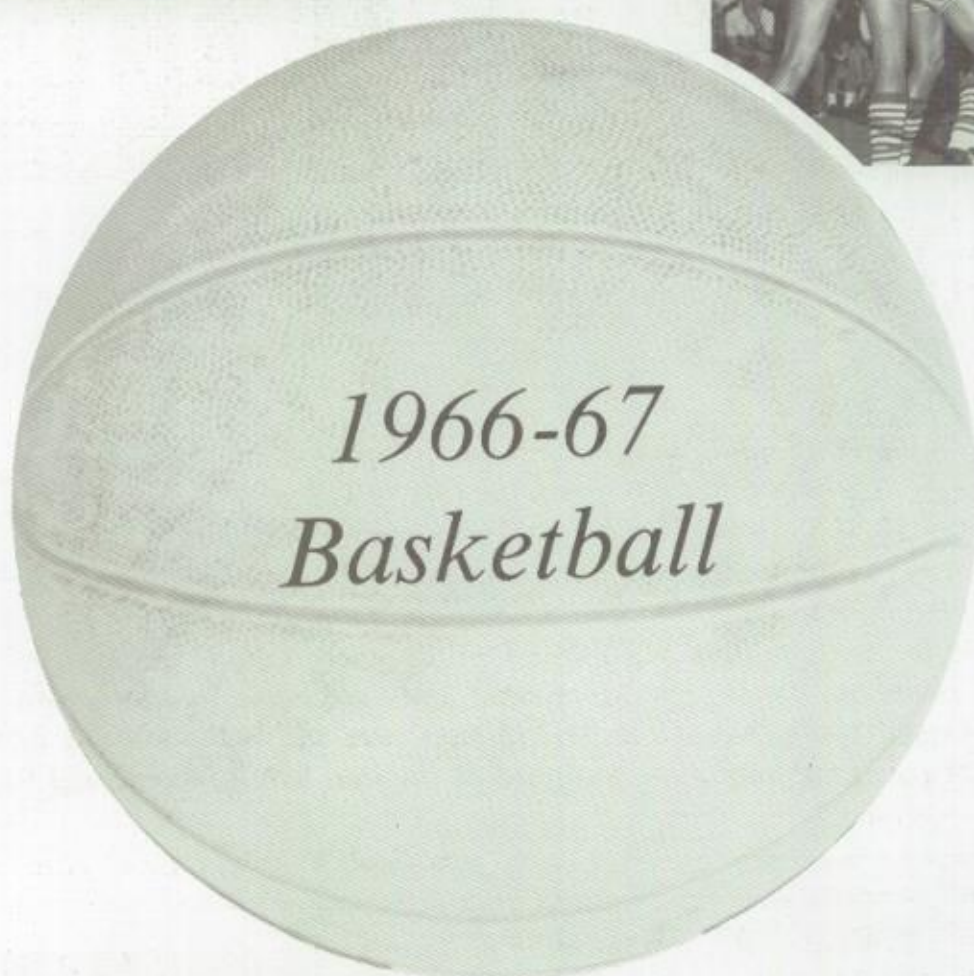

After losing to Edison by 17 pins, Coach Uribe's boys toppled Asbury for the second time to end the season.

Ken Miller, the school's leading bowler, swings into action.

OFFICERS OF THE BOWLING LEAGUE:

The 1966-67 Panthers achieved the best record in the school's history, a 25-1 mark. They won the Holiday Festival for the third consecutive season and also took the County Tournament championship.

The Panthers copped the Holiday Festival crown with wins against Metuchen, Piscataway, and Sayreville. Most of the games all season were one-sided, but the 104-53 win over J.F.K. has to be called a high point. Hamilton, a new addition to the schedule, came the closest to beating Amboy in the regular season, but fell 68-60.

By subduing Woodbridge, Hoffman, and St. Joseph's of Metuchen, Amboy High retained its county championship status. The Redmen gained the city trophy after wins of 82-62 and 83-50 over St. Mary's.

The Panthers became Central Jersey champs for the first time since the 1949-50 season by whipping Linden 58-47. Larry Larsen scored 27 points and played his best game of the year. East Brunswick and Bridgewater-Raritan also succumbed in the state competition.

A highly touted Camden team upended Amboy in the semi-finals of the state tournament held in Atlantic City. A cold spell in the fourth quarter made the difference after three quarters of exceptional play. Soph Brian Taylor tallied a carrier high of 25 points to lead Amboy's scoring.

The Panthers will lose some of their standout performers next year. Some help will come from Ray Newman's undefeated J.V. team, though it will be difficult for anyone to fill the shoes of seniors Lucillious Williams and Larry Larsen.

Baseball

The 1967 baseball season featured many challenges.

Since four solid starters from the 1966 team were not back, Coach Steve Salaky had to rely on the young arms of Brian Taylor and Tom Guarnieri. Six of the eight other positions were filled by veterans. Senior Nick Pross, one of the more consistent hitters, was the only experienced outfielder at the beginning of the season.

Second baseman Mark Fulton and third baseman Dan Travinski each completed their third year on the varsity in fine fashion. Seniors Charlie Cooke, at first base, and Pete Costello, behind the plate, made their presence felt.

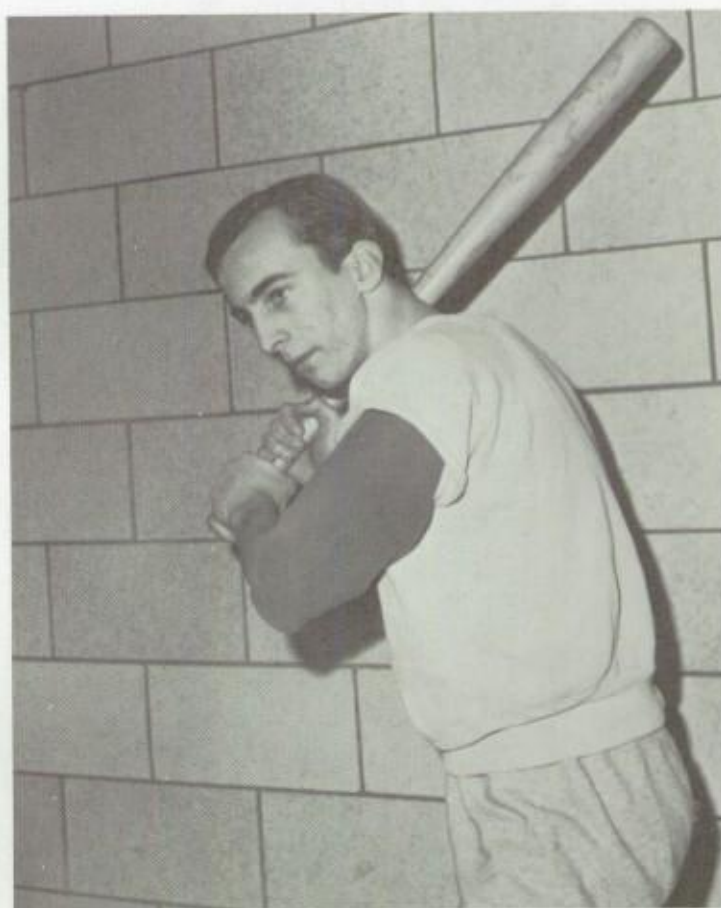

JV Coach Julius Uribe, who has been instrumental in the development of young ballplayers, has several good prospects for the coming year.

Dan Travinski, Mark Fulton, and Charlie Cooke, the three seniors in the starting infield, completed successful careers on the diamond in '67.

Amboy's number one receiver, Pete Costello, makes sure he has his signals straight.

Nick Pross, a right-handed outfielder, shows how he gave the ball a ride.

Tennis

The tennis team relied on the performances of seniors Gene Banasiak and Richard Delinko to pace them in the 1967 season. Coach Gordon Koehler also had some fine underclass prospects to work with, namely Steve Delinko, Robert Hrubic, Glen Sable, and Robert Stern. The encouraging showings from the younger members of the squad make the future look bright.

Gene Banasiak shows fighting spirit as he goes to backhand the ball.

Robert Hrubic nonchalants a ball that isn't there.

Robert Stern practices his stroke during a free moment.

Senior Rich Delinko, the number one singles man on the squad, takes time from a practice session.

Girls' Sports

On your mark, get set, go ... Jane Lucey, Janice Butterfield, Anna Melnyk, and Diane Raysor prepare for the 50-yard dash.

Edith Cruz attempts to block a field goal as Glenda Watson prepares to score for the winning team.

"One, two, three, four, our backs are stiff and our legs are sore," chant Patty Gray, Ruth Feldman, Nancy Hovan, Brenda Lane and others during a period of exercises.

Gym classes provide each girl with an excellent opportunity to learn the fundamentals of basketball, volleyball, soccer, punchball, tennis, and track. They are also instructed in calisthenics and square dancing.

In the After School Sports Program, the student is able to pursue her interests in any of the sports mentioned above. Each participant is awarded a chevron and at least one extra-curricular point for her efforts.

Amboy High also has a girls' tennis team which competes with many of the area schools.

Practice sessions are held weekly and during this time they perfect old cheers and devise new ones. They also aid in the selection of the J.V. cheerleaders as well as in training them.

Advisor: Mr. Meyers

SENIOR PALETEERS

Upperclassmen who desire to improve their painting techniques and extend their appreciation of art fulfill their ambitions by joining the Senior Paleteers. Each year the members of the club engage in a fund-raising project in which the students create their own novel products. Membership is limited to juniors and seniors including art in their schedule.

Advisor: Mrs. Gadek.

OFFICERS: Ronnie Rac, Monica Sainz, Ruth Feldman, Cathy Thomas.

OFFICERS: Diane Maldonado, Eileen Bender, Jeanne Dooley, Connie Sanchez.

SENIOR SPANISH CLUB

The Senior Spanish Club has for its purpose the acquisition of a proficiency in the Spanish language. To achieve this members play games and puzzles using only Spanish. Guest speakers aid them as do films to provide interesting and valuable information about the Spanish-speaking countries of the world. This club is open only to students who are taking either Spanish III or IV.

Advisor: Miss Esposito

SLOT CAR CLUB

Students interested in model cars, their construction and their racing ability are eligible for membership in the Slot Car Club. Meetings are spent discussing the cars and are occasionally dispensed with when the group meets at one of the miniature raceways in town.

Advisor: Mr. Sattur

OFFICERS: Veronica Lopazanski, Frank Trombatore, Louis Paone, Jean Rusin.

OFFICERS: Ted Tympanick, Roberta Ross, Irene Wielkopolska, Carmelo Vaticano.

TOWN MEETING CLUB I

The Town Meeting Club is open to any interested member of the senior class. Because of the large number of students, this club was divided into two separate groups. The membership discuss and argue current events. They form opinions on the state of affairs in the world and attempt to relate them to past history. Students gain valuable knowledge in an enjoyable way. In the spring the club takes its annual trip to Washington, D. C.

Advisor: Mr. Bodo

TOWN MEETING CLUB II

Advisor: Mr. Toborowsky

OFFICERS: Linda McDermott, Larry Larsen, Roseann Butterfield, Karen Griffin

TUMBLING AND GYMNASTICS CLUB

The Tumbling and Gymnastics Club is open to all boys interested in learning the techniques of tumbling and individual stunts. The members demonstrate their ability by presenting a gymnastics assembly. These young men develop physical fitness which will benefit them in later life.

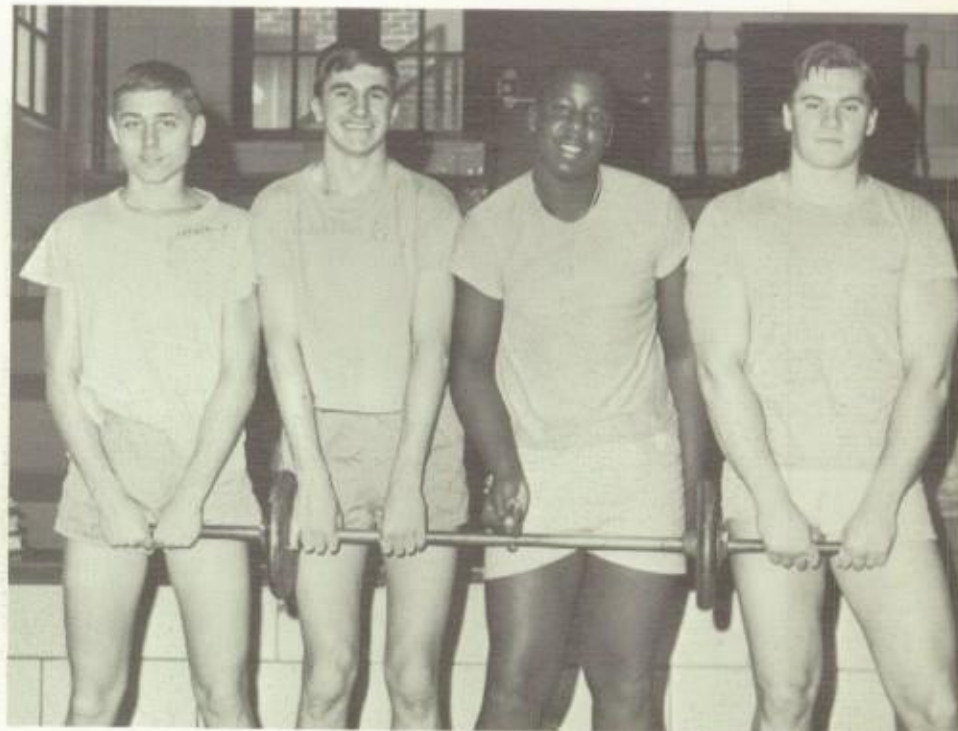

Advisor: Mr. Gatyas

OFFICERS: Robert Henderson, Bob Obszarny, Frank Fontes, Don Ambrose.

WEIGHT TRAINING CLUB

Developing a sound body to go with a sound mind is the purpose of the Weight Training Club. Exercises and such equipment as barbells and dumbbells provide excellent means with which members can build their skill and their bodies. The club welcomes any interested boys.

Advisor: Mr. Gatyas

OFFICERS: Steven Bandola, Don Kulikowski, Robert Henderson, Robert Lefkus.

STUDENT COUNCIL

The Student Council represents the entire student body in maintaining good government in the school and supervises all student activities. The Council is composed of one representative and one alternate from each homeroom with the officers being elected by the students themselves. To hold office, a student must be a member of the school for one year and maintain a passing average in all subjects.

Advisor: Mr. White

EDITORS: Claudia Fedor and David Rebovich

"HALLS OF IVY"

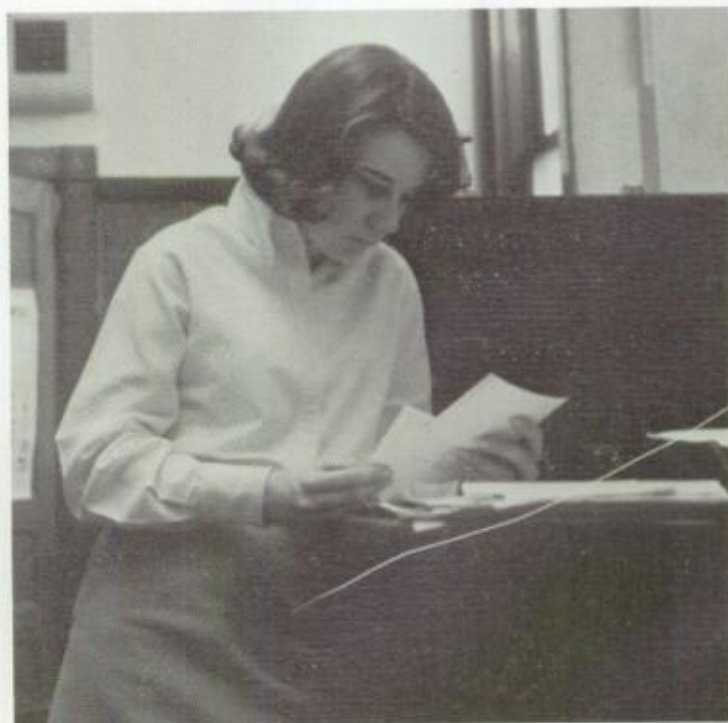

The "Halls of Ivy" is our yearbook. That is, it is written and edited by the seniors for the purpose of bringing to life our past years at Perth Amboy High School. The staff has traveled during the year to the Columbia Scholastic Press Conference for the purpose of learning how to make the yearbook the best Perth Amboy High School has ever seen. We hope we have succeeded.

"Halls of Ivy" staff members.

Ronna Kohn sits alone at the typewriter engrossed with the work she has before her.

Deep concentration is expressed as Mary Seman examines some newly arrived pictures.

Mr. Faltisco, Ruth Lis, Claudia Fedor and Alberta Wybraniec on the subway after a day at the Columbia Press Conference.

Ruth Lis and Claudia Fedor discuss an interesting point in a rival yearbook.

Members of the yearbook staff who attended the conference pose for their picture.

KITES STAFF: Carol Varga, Pattie Doukas, Rhoda Spielman, Donna Chizmadia, Evelyn Trachtenberg, Marcy Stern.

KITES

Kites, our literary magazine, is the newest publication of Perth Amboy High. Published by the Creative Writing Club, it contains poems and short stories written by members of the club. *Kites* was recently awarded a second place rating at Columbia.

"PERISCOPE"

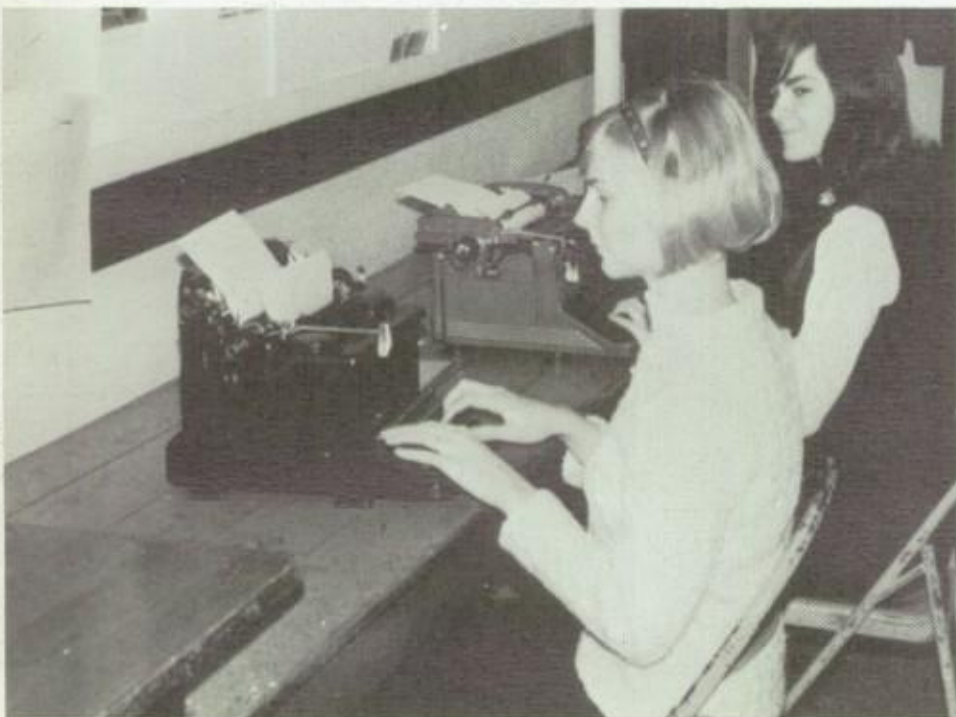

One of the best ways to keep informed on the happenings in and around Perth Amboy High School is to read the "Periscope." Each month a staff of competent editors and reporters capture the news on paper. Throughout its many years of publication, the "Periscope" has upheld a fine tradition, winning many awards. It has annually played a vital role in perpetuating a "Record Of Our Days."

EDITORS: Deborah Parnes and Ezra Rosenberg.

"Periscope" staff members.

Doing their part to see that the latest edition can be completed are typists Marion Ubersax and Betsy Hari.

Everyone except Dennis Pucci seems more than happy to smile for the camera.

"The 'Periscope' wants you!," exclaims Sandor Gubi to Janet Krober, Dennis Pucci and Judi Schmidt.

Jeff Friedman pauses for a moment while writing a story for an issue of the "Periscope."

Ezra Rosenberg and Debby Parnes look over the latest issue of the "Periscope."

Dennis Pucci mans the table of "Periscope" goodies that are for sale.

Debby Parnes explains one of the finer points of writing a newspaper to Jeff Friedman and Dennis Pucci.

With this last page, all to be said has been said. All to be done has been done. All not done is left undone, never to be tried again.

Only memories remain.

And now, as memories, we, "The Magnificent Class of '67", are an everlasting part of "The Sacred Halls of Ivy."

Leo,

Best of luck in the Future.

Ken Sutch "70"
